GONER - svensk översättning - bab.la engelskt-svenskt lexikon

1. Where are we?

This is some truly sick shit they got me doing in here and for what?!?
They put me in here because they wanted to break my spirit but they can't break my spirit

In my soul
In my heart
I know that I am free

Who am I kidding?
I ain't fucking free
Shit

I'm locked in here talking to a fucking wall like I got something wrong with me
Locked in this cell with its musty fucking air
No warmth, no sunshine, no beauty in this place

Hell on earth would look prettier than this

But don't worry about me cus my mind is soaring high out there in the real world

I still *got* my dreams

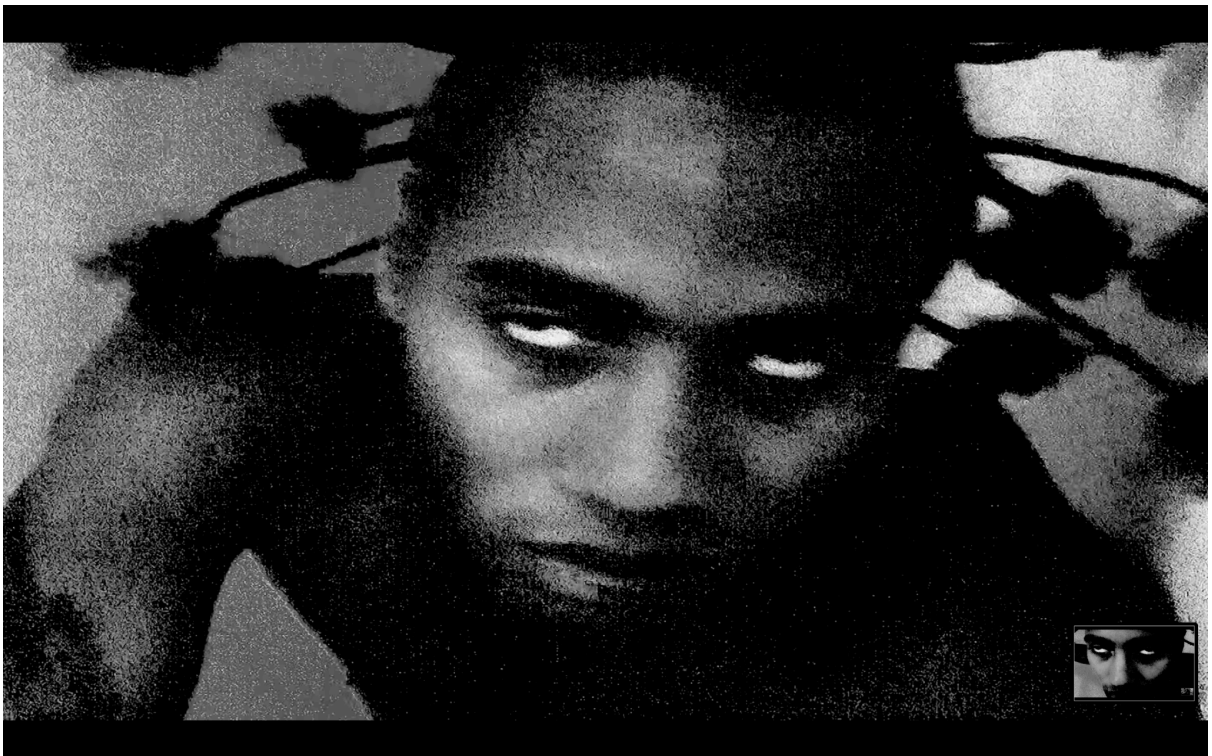

I still have my hope
And I can still taste the beauty of life
Even if only a little
I can still feel it

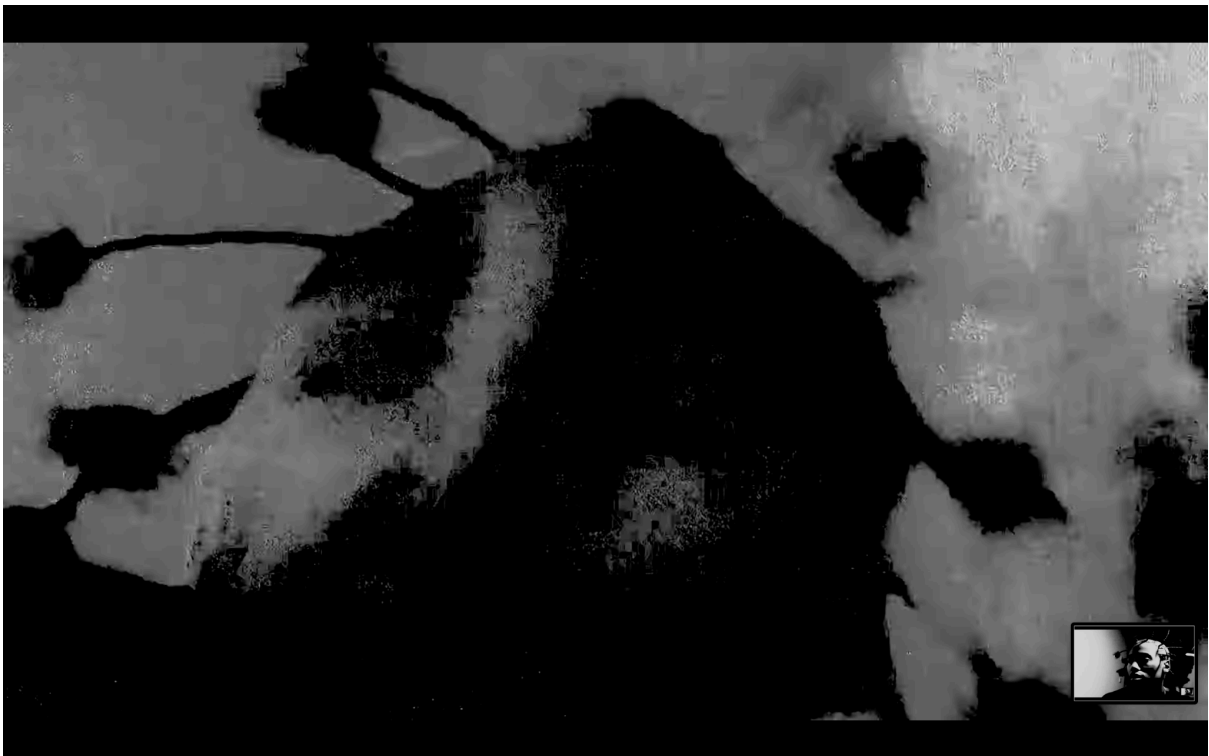

But I'm in here feeling it
And I've just come to accept everything they do to me in here
All the sick and twisted evil shit they be doing to me in here
I find something good
Shit, from blood to honey
I turn it something positive, sexy, unreal

This place stinks like shit
The air in here is thick and arrogant as if it's poisonous and choking the life out of me
And I gotta just turn around and like that shit
Lick it up like its some God or something

How can the floor in hell be so fucking cold
like the ground is rejecting me
Trying to freeze me out

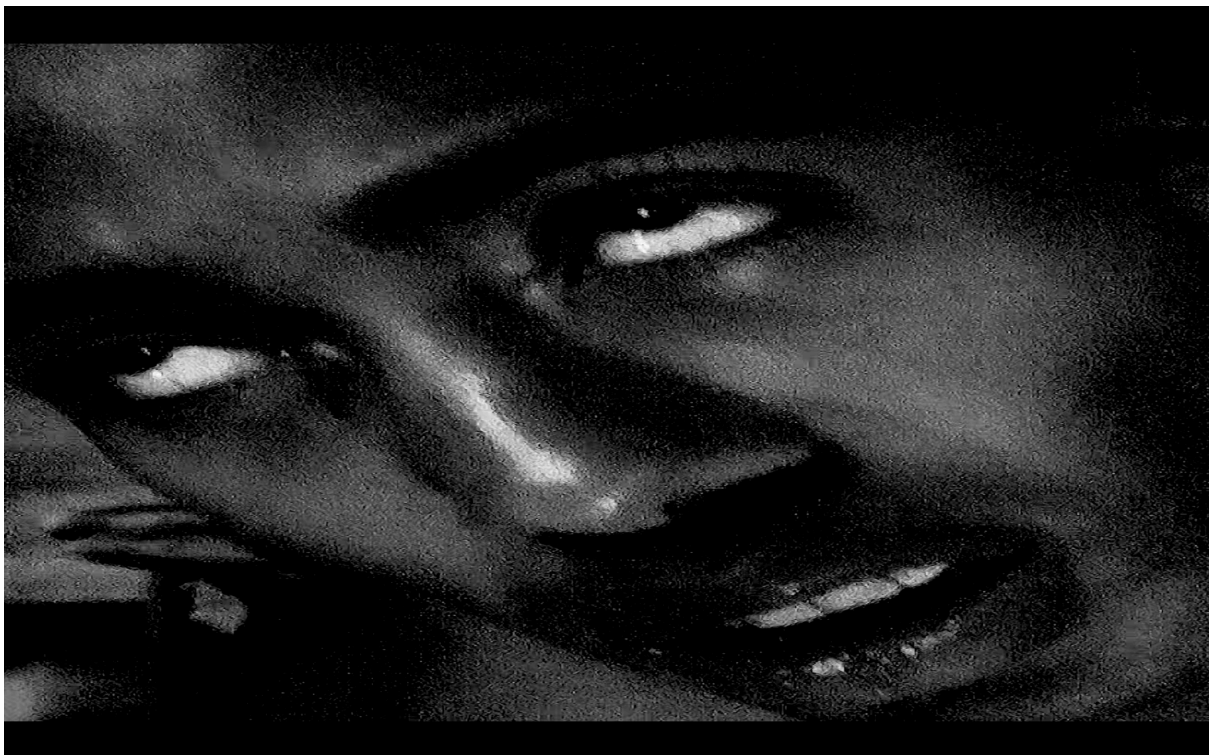

I remember how the sun felt on my face
I remember the gentle caress of the springtime breeze
The tall grass beneath my legs
In between my toes
The dirt, the laughter, the warmth of my lover

Now the joke's on me, innit

And I gotta sit here and watch you
Watch what the fuck they do to me in here

2. Why are we here?
Look
I'm here because of you
I know I got a problem
I know that what I did I was wrong
And I know about the demons that I have
But I ain't one of them
And I ain't one of ya'll neither
I'm just different, that's all

Look
I know that I hurt you bad!
Real fucking bad
I didn't even mean to do that
And I'm sorry
I was just trying to make it out of here
Get free
Find an Exit

Look

I was taught to have one foot out the door of my own life at all times
You know, in case I gotta run for my fucking life
Can you imagine having to learn how to **FUCKING RUN FOR YOUR OWN LIFE**

Look

LOOK

Look

Anyway

I didn't even think you would make it
So now what?

You are gonna just sit there

With your pens

Your papers
Your clipboards
Your evidences
Your theories
Your observations

While I'm locked in here getting tortured

How can you live with yourself?

3. How does it make me feel?

In the end
Nothing truly matters innit

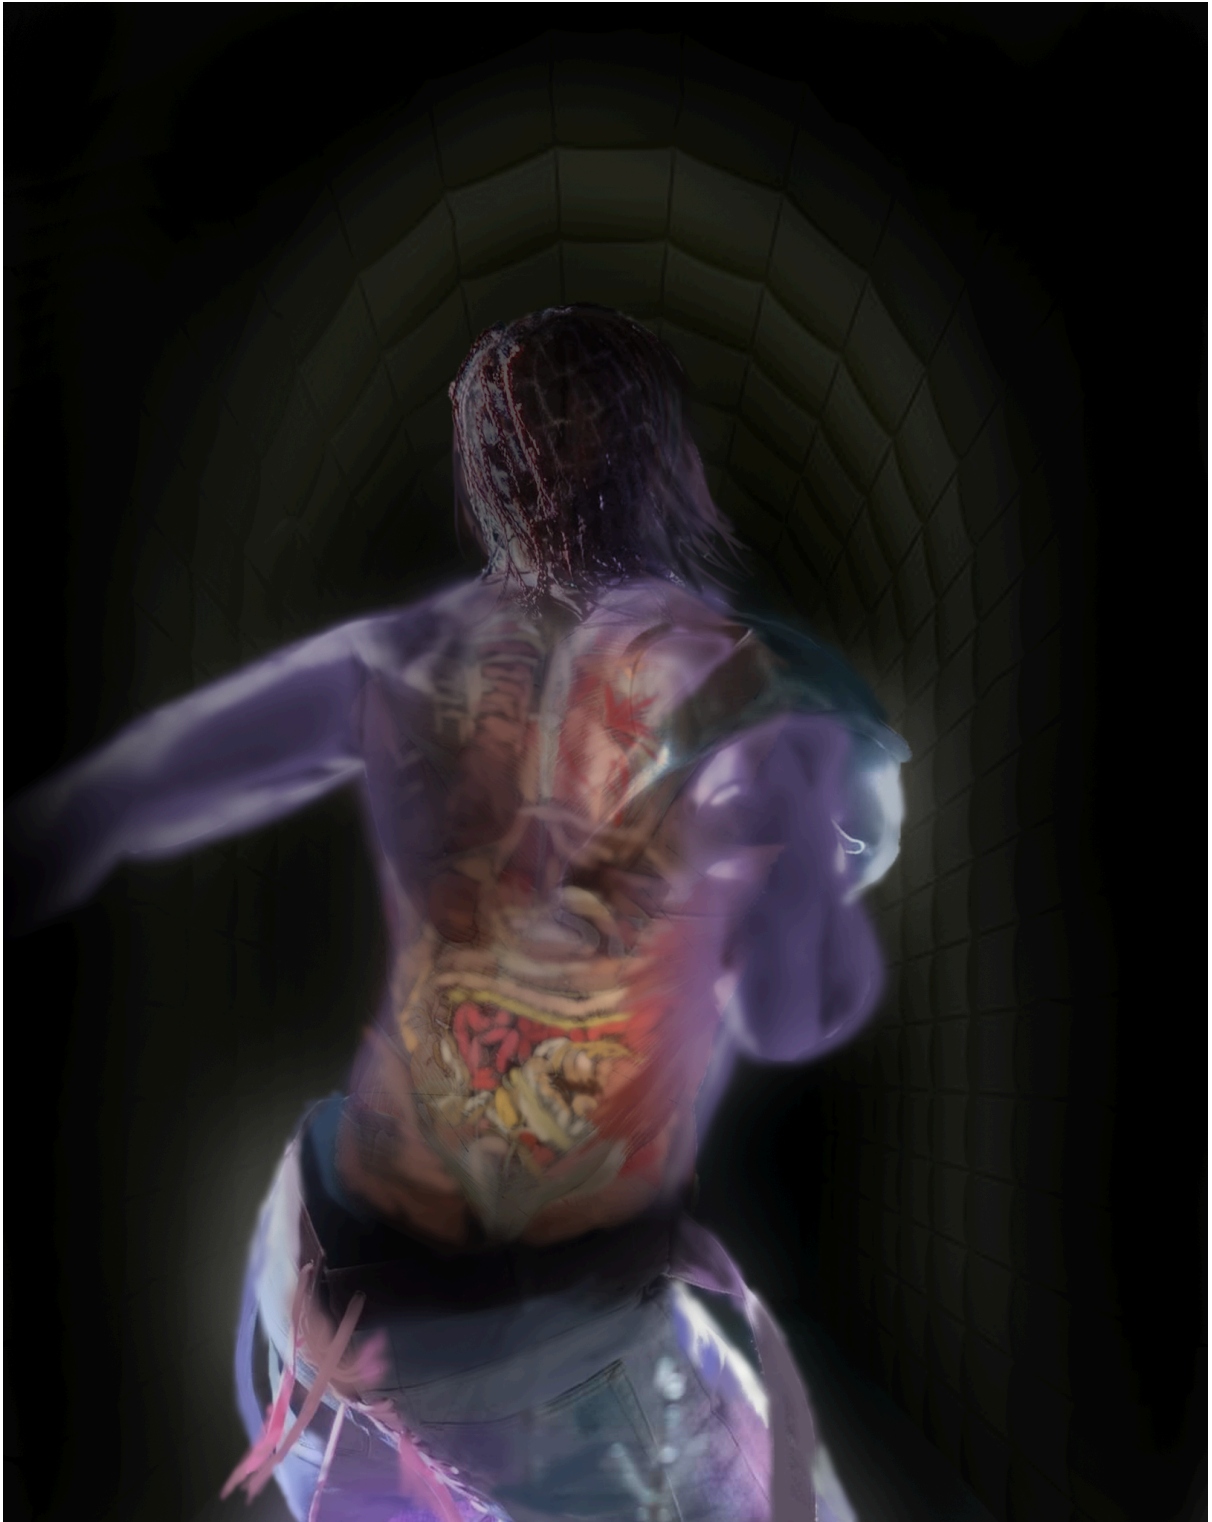

The end is near and there is nothing I can do about it

So why
not take
the dick
of life

And put it
in my
mouth

Choke on
it and **die**
on it

*Of course the fear that grips me is fucking overwhelming
but I can't show them that
They wouldn't see it anyways*

Go into the dark. Go into the dark and think that you are facing a demon. Go into the dark, think you are going to face a demon, find out you are the demon that you are supposed to face. You are the Monster. You are the hopeless case. You are the terror. You are the darkness. You are the jump-scare. You are everyone's biggest fear.
